Varied Fluency
Step 5: Make the Same Amount

National Curriculum Objectives:

Mathematics Year 2: (2M3a) Recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value

Mathematics Year 2: (2M3b) Find different combinations of coins that equal the same amount of money.

Differentiation:

Developing Questions to support making the same amount using only coins or only notes in each question. Includes up to 3 different values of coins or notes.

Expected Questions to support making the same amount of pounds and pence. Includes a variety of coins and notes in the same question.

Greater Depth Questions to support making the same amount of pounds and pence. Includes a variety of coins and notes. Some images have been replaced by words.
