

Bonds to 5, 6 and 7 with doubles

$5 - 3 = \square$

$3 + 3 = \square$

$4 + 2 = \square$

$7 - 4 = \square$

$2 + \square = 5$

$6 - 5 = \square$

$5 + 5 = \square$

$5 - 1 = \square$

$7 - 2 = \square$

$4 + 4 = \square$

$6 - 3 = \square$

$6 + 6 = \square$

ACTION

Use interlocking cubes to help you complete the additions and subtractions.

THINK

How many pairs to 7 can you write in three minutes? Use a sand timer.
