

Year 5 – Independent/Home Learning Tasks

Friday 29th January 2021

Happy Friday! I am looking forward to seeing you on our Team's lessons again today! If you get stuck or technology does not work, don't worry. There is lots of learning you can still do, but it is important that you do some learning every day so that we don't get behind.

Your parents can email me if they have any problems. jmartin@attleboroughprimary.org.uk
Any resources you need for lessons will be on the school website. Click on the 'parent' tab, then 'home learning' and your 'class' page [Yr5 - Badger Class | Attleborough Primary School \(attleborough-pri.norfolk.sch.uk\)](#). Here are today's learning tasks!

Live Lessons (via Teams)

English: I look forward to you joining us for English at:

9.15am or 9.45am

Today we will be writing our non-chronological reports about our invented or researched woodland creature.

Follow up activity after lesson:

You will need your boxing up from yesterday. We will be reminding ourselves about the structure of a non-chronological report and do a little bit of writing together. Then, it is your job to write your non-chronological report about your creature. I would love to read your finished report! We could compile them to make a book like the Spiderwick Chronicles to go onto our bookshelf so you can read them all when you come back to school!

Maths: I look forward to you joining us for maths at:

10.15 or 10.45

Today we are working on multiplying a 4d number by a 1d number using column method.

Follow-up activity after lesson:

Click on 29.1.21 Maths independent task. Have a go at either the bronze, silver or gold questions like you would in class. You don't have to print them out, just write your answers on a piece of paper. There is also a challenge to try if you want to. After you have had a go at the questions, you or an adult can mark them. Anything you aren't sure about we can go through on Monday.

Topic: I look forward to you joining us at: **1.15 or 1.45**

Today we will be learning about origami and having a go at making a crane.

Follow-up activity after lesson:

During the lesson, we will be learning about the origins of origami and the importance of the crane. You will need paper and a pair of scissors. I will show you how to make it a square in the lesson. Here is a video link if you get stuck in the lesson: [Origami: Crane \[tutorial\] - YouTube](#)

After we have finished the lesson, you can start trying to make 1000 cranes or try some of these other origami activities: [Origami For Kids Archives - Art For Kids Hub](#) (this is where the snapper puppet we made in the meet your teacher activity came from).

Spellings

This week's Spellings are: **profession, programme, pronunciation, queue and recognise.**

Practise writing your spellings in as many different ways as you can eg: writing, drawing, typing, with sticks, chalk, paint, pens. Why not have a go at one of the activities below?

Other Handed – Write each word 5 times, switching the hand you write it with each time. Say the word as you spell it.

Vowel Spotlight – Write your words using one colour for the vowels and

Reading

Find a comfy chair or make a reading den and settle down with a book for half an hour and enjoy!

OR

The author of the week this week is: Nizrana Farook! Read or listen to The Girl Who Stole an Elephant. Watch the video to find out about the author.

[Nizrana Farook | Author of the week | Oak Academy \(thenational.academy\)](#)

Be Active

Have a go at one of these activities:

Make a game with household objects -

Grab some (non-breakable!) objects from around your house like cutlery, a mop and bucket, and plastic bowls and cups and make up some games to play with your family! You could try:

- Throwing rolled-up socks into a bucket
- Using your fingers to 'dribble' a marble around a tabletop cutlery maze
- An 'egg and spoon' race using a wooden spoon and a ball of foil
- Playing the 'magic carpet ride' game - sit on a towel or mat and inch your

another colour for the consonants.
(Vowels: a, e, i, o, u) e.g. **o**ver**t**urn

way around an obstacle course on the floor

Ease your worries with a ten-minute meditation - This 'body scan' guided meditation for kids will help you relax and let go of tension and worries from head to toe. <https://youtu.be/neqwDPmn6yY>

Other Curriculum Learning

After your afternoon live lesson, you could have a go at one of these activities:

RE – Islam – Lesson 3 – What is the holy book of Islam? In this 26-minute session, you will be learning about the Qur'an, the Muslim Holy Book which was revealed to Muhammad by the Angel Gabriel over a period of 23 years.

[What is the holy book of Islam? \(thenational.academy\)](https://www.thenational.academy/)

Screen Free Time – Choose an activity or two from the 10 below to complete.

<p>1 Get doodling! Grab some paper and pens and doodle anything you like! Animals, aliens or something else.</p> 	<p>2 Create your own animal. Could you combine two of your favourites? What will you call it?</p> 	<p>3 Design and draw a new musical instrument. How would you play it and what will it sound like?</p> 	<p>4 Make up your own 5 minute exercise routine. What will you include?</p> 	<p>5 Can you make up your own jokes? Tell them to someone to make them laugh!</p> 
<p>6 What does the earth look and feel like today? Can you write a short description? Include what you like and don't like.</p>	<p>7 Hello me! Write a letter to yourself to open in 20 years time.</p> 	<p>8 Investigate! How are we harming the earth at the moment? How can we change that? Write down what you discover.</p>	<p>9 Write a poem, song or rap to remind people to look after the earth. Perhaps the title could be 'pollution solution'.</p> 	<p>10 What would it be like to time travel? Write a story about it! Which year will you travel to? What does the earth look like then?</p>
