Can I count on 10 using a 100 square?

Put your finger on the given number - count on 10. what do you notice?
Try these sums below.

$$22 + 10 =$$

$$32 + 10 =$$

$$34 + 10 =$$

$$12 + 10 =$$

$$42 + 10 =$$

$$29 + 10 =$$

Now use the same method to count on 11!

Where will your finger go on the 100 square?

$$34 + 11 =$$

$$23 + 11 =$$

$$32 + 11 =$$

$$36 + 11 =$$

$$16 + 11 =$$

$$14 + 11 =$$

Now take two digits from the set of digit cards.
add 10, 11, 12, 13, 14 15 to your number.
