

Name: _____ Date: _____

DESIGN CRITERIA:

- Your mini greenhouse must be at least 20cm long, 10cm wide and 15cm high.
- It must have an open base so that the greenhouse can be lifted off the plants for watering and ventilation.

Materials I will need:

Tools I will need:

How I will join the materials together:

Draw a diagram of your mini greenhouse in this box, and label the materials you will be using for each section.

How does your design meet the design criteria?
