

Choose a video clip to watch (you can watch more than one or all)
Using a mind map, jot down facts on why plastic can be so harmful to the environment.
Use the pause button to stop play if you need time to write.

As you listen collect (jot down) any words or phrases that make you feel dismayed, angry, upset, indignant or any other emotion? (emotive words) such as 'rob the marine ecosystem' or 'dead zones'

Design a poster to tell others about the dangers of plastic to the environment.
Use pictures and steal some of those **emotive words** or phrases that you heard in the videos and that you wrote down.
