

Your task today is to investigate the plastics you have around your house. For each object you find which is made of plastic, complete the description below.

Describe its properties:

- What is it?
- What does it look like? (colour, opaque, transparent, shiny, matt etc)
- Feel like (hard, soft, rigid, flexible, thin, thick, waterproof etc)
- What it is able to do (usefulness)?
- What is it used for? (storing food, drinking, covering something, toy, part of something etc)
- How many times can it be used?
- Can it be recycled?
- Draw a picture of it

Can you present your objects as a mind map on a large sheet of paper?

Use these words below and more.

attractive  
waterproof  
colourful

versatile  
flexible

hard wearing  
rigid

protective  
transparent  
many shapes and sizes
