Other Curriculum Learning

Design Technology:

Create a food hygiene poster to show hygiene rules when preparing food.

FOOD PREPARATION

Hygiene rules – preparing healthy food healthily
It's never too early to learn about proper hygiene rules in the kitchen. Here are some essentials:

1. Always wash hands thoroughly before starting to prepare food.

2. Wash all fruits and vegetables.

3. Use separate chopping

Art: We are creeping closer and closer to spring. Have you got any flowers like daffodils or tulips in your garden? Or maybe you have some from the shop in your house? If you do, try sketching them carefully and then either colour or paint them. If you do not have any flowers at home, you may see some on your daily walk. If not, you may want to create a spring collage showing new flowers blooming and the trees starting to look more green.

Well Being Wednesday! The Art of Brilliance YouTube channel has lots of inspiring videos for young people and addresses issues like self-confidence and the power of positive thinking. Check out the Wellbeing Wednesday playlist which has a weekly update to get you motivated.
