

Treasure Ahoy

To add and subtract 3-digit numbers and hundreds.

How to Play:

- Each player should choose a different coloured pencil.
- On your turn, choose a calculation to answer.
- If your partner agrees that you have given the correct answer, claim the space by writing the answer and colouring it your colour.
- The first person to get five spaces in a row, wins.
- As an extra challenge, if you choose a space with a coin on, draw a representation to show the calculation.
